REPORT
ON
THREE DAY EXTENSION LECTURE SERIES ON
RESEARCH METHODOLOGY FOR
IG 6th SEMESTER & PG 4th SEMESTER (M.A EDUCATION & M. ED) STUDENTS
W. E. F. 17-06-2023

Govt. College of Education started extension lecture series for the students of IG B. Ed-M. Ed. 6th Semester and PG 4th Semester (M. Ed & M.A Education) for students about the Research methodology w. e. f. 17-06-2023. The purpose of the programme is to make capacity building of teachers as well as students in Educational Research Methodology.

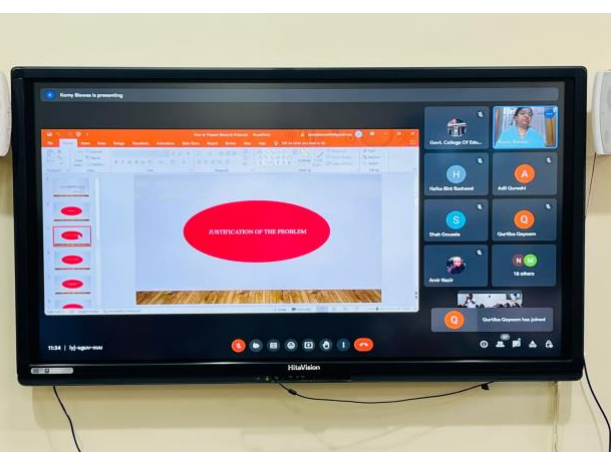

Day-1 17-06-2023

The session was moderated by Dr. Shams Ud Din Ahangar, organizer of the programme presented a brief backdrop of the programme. He said that the objective of organizing such lectures is to benefit of the students as well as faculty. Principal, Prof. (Dr.) Seema Naz welcomed the guest expert, Prof. Narsin, Chairperson and Professor, Department of Education, Aligarh Muslim University, Aligarh, U. P. Later Dr. Shamas Dd Din Ahanger introduced the expert and shared her profile with the participants. Fifty two participants in person and 23 online attended the lecture. The expert deliberated on the topic "How to Prepare the Research Proposal". She presented a Power Point Presentation, wherein she discussed the topic in detail. She explained what is a proposal, and what are its attributes. How to select the proposal and how to write the introductory part was deliberated very lucidly. A researcher should justify the proposal of the problem in research domain, which should be a concern of the researcher. She talked about how we have to put the research statement in the proposal and also and the variables and their operational definition in the light of research in hand. A researcher needs to write research questions like kind of relationship difference between variables and the objectives under investigation must have a coherence. The expert also stated that the research hypothesis need to be stated on the basis of research trend. She stated about the research methodology by throwing light of population, sampling, tools and statistical application so that the objectives can be achieved and the hypothesis can be

verified. She said that in order to arrive genuine conclusions what and why of the delimitation of the research proposal which needs to be done by the investigator.

Later on, some clarifications and questions were answered by the speaker very satisfactorily.

Finally, the session ended by vote of thanks by the moderator.
